WILL MARTIN GET IT?

He Does Not Deny His Willingness to Accept the Presidency of

THE AMALGAMATED ASSOCIATION.

The Nallers and Roll Turners' Scales Discussed at Yesterday's Session.

TANK FURNACES GAIN FAVOR IN ORIO

This year's convention of the Amalgamated Association is making rapid progress, Mr. Martin, the Secretary, stating last night that by next Thursday probably all the work would be finished. The rollers and nailers' scales were discussed yesterday. Apart from that, however, nothing of importance was accomplished.

Soon after the opening of the morning's session the Secretary read a communication from Nicholas Dale, of Sharpsburg, requesting the permission to read a statistical statement of outputs and other items referring to iron workers. But the request of Nick Dale

The roll turners' scale was next discussed, and the whole morning was taken up with that work. At last it was decided to postpone its consideration for one year and the men were given a week's time to revise and readjust their entire list. In the afternoon a special commit-

The nailers' scale is but very little different from the last year's scale. The wages are about the same, but the hasis of the mail cutting has been readjusted from 16 cents per ten-penny nails to 14 cents on a \$2 card.

The Secretary's report showed a larger membership list than the association ever had at any convention, but Mr. Martin refused to give any figures on the subject. He made also a very glowing general statement about the treasury.

treasury.

The subject of election did not come under discussion at the session yesterday, but it is becoming more and more interesting as the convention advances. The candidates are getting more numerous day by day. Mr. Grundy, Pat Wilson, of the Southside, and Billy Robinson, who have been quite prominent for years, are spoken of as candidates, but the feet developed yeaterday that the fact developed yesterday that

MR. MARTIN HIMSELF IS ASPIRING to become Mr. Weihe's successor, and if he should be nominated there is but very little show for anybody else.

He stated himself positively yesterday that he would not accept the secretaryship again, even if it were offered to him. But about the

Several of the delegates who were asked what they thought about Martin as President, were much in his favor, and one of them from the Southside said:
"I do not know where we would find a better man than Billy is. He is so thoroughly acquainted with the work of the association that the change of President Welhe would be felt less than if another substantial to cet the

"Is it certain that Mr. Welhe does not want

to be re-elected."

"Yes; there is no doubt of it."

At 8 o'clock this morning the delegates to the convention and several of the local assemblies of the association will start for their picnic to Rock Point.

TANKS GROW IN FAVOR.

One to be Erected at a Window House in Ohio During the Summer.

The tank furnace system for window glasmanufacture is going to be adopted in Findlay,

The managers of the Hirsch-Ely Window Glass Works, one of the largest glass houses in the Ohio district, announced yesterday that at the close of the present fire they will tear down the hold-fashioned clay por furnaces and put in a fank furnace, patterned after the one used Glass Works, one of the largest glass houses in then old-fashioned clay pot furnaces and put in a fank furnace, patterned after the one used

TRADES COUNCIL MUM,

But They Will Take Action on Campbell's Statement To-Night.

The statement made by President James Campbell, of the Window Glass Workers' Union, explaining why he does not want to submit to an investigation from the Central Trades Council, has caused a great deal of comment among the members of that body. Several of them were seen yesterday and asked to make some kind of a reply to it, but they were all as mum as system. It is very likely, however, that the matter will receive some attention to-night, when the Trades Coun-

John Phillips, who was an important witness at the investigation, has been suspended from membership in the Glass Workers' Union, and since then he was discharged from the Jeannette Glass Works.

COKE TRADE BAD.

The Floods Have Caused Several Ovens t be Shut Down.

The coke trade is in a very bad shape just now, owing to the general demoralization of the railroads to the East. A number of the smaller coke producers have shut down their works, and they will probably not start up again until the dull season is over.

again until the dull season is over.

Mr. Schoonmaker said vesterday that the disaster at Johnstown would, for some time, cause a dullness in the coke trade, because all railroad communication has been interrupted. As soon as connection with the East will have been re-established he expects that all will be right again. For the present all coke to the East is shipped over the Allegheny Valley and the Baltimore and Ohio Railroads.

There is practically no change in the fight between the union bakers of L. A. 7247 and S. S. Marvin & Co. Several of the bakers said vesterday that they did not think it fair for Marvin to take advantage of the calamity at Johnstown and advertise for bakers to bake for the flood sufferers,

FOR THE HIGH SCHOOL.

A New Extension Will be Added at Once-Other School News.

The High School Committee met last night and approved a number of bills, besides transing some other routine business. Major Hartzell made a motion, which was carried, that an extension be built to the High School building, the work to be begun at once. This was in view of the overcrowded condition of

NO SCHOOL JUBILBE.

The Children, and Some Adults Also, Will Miss the Jubilee This Year. The children's jubilee in the Allegheny parks at the close of the school year has become one of the recognized festivals of these cities, and had it not been for the flood horror the neglect to provide for it this year would have provoked more comment than has yet been heard. Mr. Thomas C. Wait calls attention to the fact that the customary action was omitted this year by the Board of Allegheny School Control, and he says the neglect is provoking considerable ad-

Some people suggest that the death of Cap-tain Dick Gray caused the lapse, but Mr. Wait says that for several years past plenty of other wealthy citizens have come forward to defray the expense, and he says there would have been no trouble on this score had action been suggested, but that at present there seems to be no effort making for the event.

CHARITY AND POLITICS.

How the County W. C. T. U. is Trying to

Combine the Two. The officers and members of the Allegheny County W. C. T. U. are having a busy week. The President, Mrs. H. C. Campbell, and the Secretaries, Mrs. Bryce and Miss Clarke, are all engaged in the relief committees of their re-

spective wards.

They are also preparing for the county mee ing of the W. C. T. U., which convenes in the Third U. P. Church, Diamond street, on Tues day, the 11th, at 1:30 P. M. The several commit day, the 11th, at 130 P. M. The several commit-tees having in charge the arrangements for taking care of the tickets and literature, serv-ing lunch, and conducting prayer meetings on June 18 will bring in their reports. This is the date of the spring quarterly con-vention, but the ladies decided to lay aside the regular convention exercises and hold a general mass meeting.

CHINESE DIPLOMATES

Stayed in Their Journey by the Floods Spen

a Day in This City. A small party of Chinese Consular officials arrived in Pittsburg late on Thursday night and put up at the Monongahela House. They had been delayed in their passage West from New York over the Pennsylvania Railroad by the floods, and had been kept in Altoona until the floods, and had been kept in Altoona until Thursday, when they resumed their journey by the circuitous route now in use. The party consists of Laing Ting Tain, Chinese Consul General; Chan Chong, of the Chinese Consulate, and Young Wung Chung, of the Chinese Legation at Lima, Peru. Only the last named can speak English.

They will resume their journey to-day, the stop-over in Pittaburg being solely for the sake of rest after a tedious journey. Mr. William Speer, of Speer & Sons, showed Young Wung Chung, the Celestial from Peru, some of the sights of the city yesterday.

Catarrh

IS a blood disease. Until the poison is a expelled from the system, there can be no cure for this loathsome and dangerous malady. Therefore, the only effective treatment is a thorough course of Ayer's Sarsaparilla - the best of all blood purifiers. The sooner you begin

the better; delay is dangerous. "I was troubled with catarrh for over two years. I tried various remedies, and was treated by a number of physi-cians, but received no benefit until I began to take Ayer's Sarsaparilla. A few bottles of this medicine cured me of this troublesome complaint and completely restored my health."—Jesse M. Boggs, Holman's Mills, N. C.

Boggs, Holman's Mills, N. C.

"When Ayer's Sarsaparilla was recommended to me for catarrh, I was inclined to doubt its efficacy. Having tried so many remedies, with little benefit, I had no faith that anything would cure me. I became emaciated from loss of appetite and impaired digestion. I had nearly lost the sense of smell, and my system was badly deranged. I was about discouraged, when a friend urged me to try Ayer's Sarsaparilla, and referred me to persons whom it had cured of catarrh. After taking half a dozen bettles of this medicine, I am convinced that the only sure way of treating this obstinate disease is through the blood."
